## Welcome to Snow Plough Rubbers .com

The UK 's leading supplier of snow plough rubbers & scraper blades

We have been manufacturing and supplying a complete range of snow plough rubber blades and industrial scraper blades for over 30 years. We stock a comprehensive range of standard sizes and can manufacture a variety of sizes and specifications to suit individual requirements.

- Standard sizes in stock
- Superior and abrasion resistant materials
- Special sizes made to order in our UK factory
- Bulk quantities off the shelf
- Metal to rubber bonded
- Blades for all leading makes of plough

Snowplough blades and scraper blades are manufactured in our own factory to the highest standards and to ISO9001:2008. We have an unrivalled level of experience and use the highest quality rubbers in our manufacturing process. The grade of rubbers we supply is ideally suited for use in all snow plough and slurry scraping applications.

Should you require custom manufactured snow plough blades or scraping blades our team can work with you through the design stage, type approval and through to bulk manufacture.

### Contact Us

We welcome enquiries throughout the UK so please contact us on 0141 620 1666.

Email [info@snowploughrubbers.com](mailto:info@snowploughrubbers.com) or fill out our Enquiry Form.

## Snow Plough Blades Standard Sizes

The UK 's leading supplier of snow plough rubbers & scraper blades

We stock snow plough rubbers in both 1" (25mm) and 2" (50mm) thicknesses.

Both thicknesses incorporate the 9 hole fixing pattern.

We do not specify minimum order quantities and can supply in small lots or pallet loads.

## Snow Plough Rubber Non Standard Sizes

The UK 's leading manufacturer of snow plough rubber & slurry scraper blades

We supply a wide range of snow plough rubber and slurry scraper blades in non standard sizes.

We can supply snow plough rubber in bespoke sizes.

We are a manufacturing company and can produce snow plough rubber blades of varying lengths. We can also "metal to rubber" bond and can therefore offer a competitive alternative to all of the other variety of blades that exist.

Snowplough blades and scraper blades are manufactured in our own factory by our highly trained staff. We have an unrivalled level of experience and use the highest quality rubbers in our manufacturing process. The grade of rubbers we supply is ideally suited for use in all snow plough and slurry scraping applications.

For custom manufactured snow plough blades or scraping blades our team will work with you through the design stage, type approval and through to bulk manufacture.
